

Introduction

This subject focuses on the nine knowledge areas within the Project Management Body Of Knowledge (PMBOK®Guide) and will assist you in preparation for the Project Management Institute, Inc.'s (PMI®) Project Management Professional (PMP®) exam.

The PMP Certificate is the most recognized and respected certificate in the field of project management worldwide. This course will help students to earn their certificate by preparing them to pass the PMP exam. It focuses on each of the nine knowledge areas and their processes, including the new professional responsibility section.

The course begins with an introduction to the PMI, certification process and the exam structure. The instructor will adapt the duration of each section of the course accordingly based on the needs of the course participants.

PM Knowledge Areas:

1. Project Integration Management
2. Project Scope Management
3. Project Time Management
4. Project Cost Management
5. Project Quality Management
6. Project Human Resource Management
7. Project Communications Management
8. Project Risk Management
9. Project Procurement Management
10. Project Stakeholder Management

The course is offered by a Certified PMP instructor, with over 15 years of real world experience in Project Management in IT, Finance, Healthcare and Government.
